The offeror shall complete the **IDIQ Direct Labor Rate Pricing Matrix, Attachment B**, as part of the proposal. The labor categories proposed must reflect all labor categories and levels within each category anticipated to perform the requirements of the Statement of Work and task orders and should range from entry level to the most senior level.

The proposed price of each of the RTOs, as submitted on **Exhibit 3**, will be assessed to determine reasonableness based on the quantity of direct labor hours, direct labor costs, and other direct costs.

The total proposed price for all RTOs will be evaluated and presented to the selection official. All price analysis will be performed at the Representative Task Order (RTO) level; there is no separate price analysis of the contract. This factor is used to determine the reasonableness of the proposed price for the Government, should the proposal be selected for award.

The Government will evaluate each offeror's proposed pricing to establish that it is reasonable. In the Contracting Officer's discretion, price reasonableness may be presumed without further review based on adequate price competition for the requirement that is the subject of this solicitation. Where adequate price competition is deemed not to exist based on proposals received or on other factors, the Government, at its election, may determine the reasonableness of any offeror's proposed pricing with reference to the factors identified at FAR 15.404-1(b)(2)(ii)-(vii). The Government reserves the right to reject, without further consideration and without notice to the offeror, any offer where the proposed pricing is determined to be unreasonable.

For evaluation purposes, offeror shall not propose travel costs for any RTO.
